As a candidate for this credential, you should be familiar with:

- Data modeling concepts in Microsoft Dataverse
- Power Apps maker portal

Prerequisites

Basic data modeling, user experience design, requirements analysis, and process analysis skills.

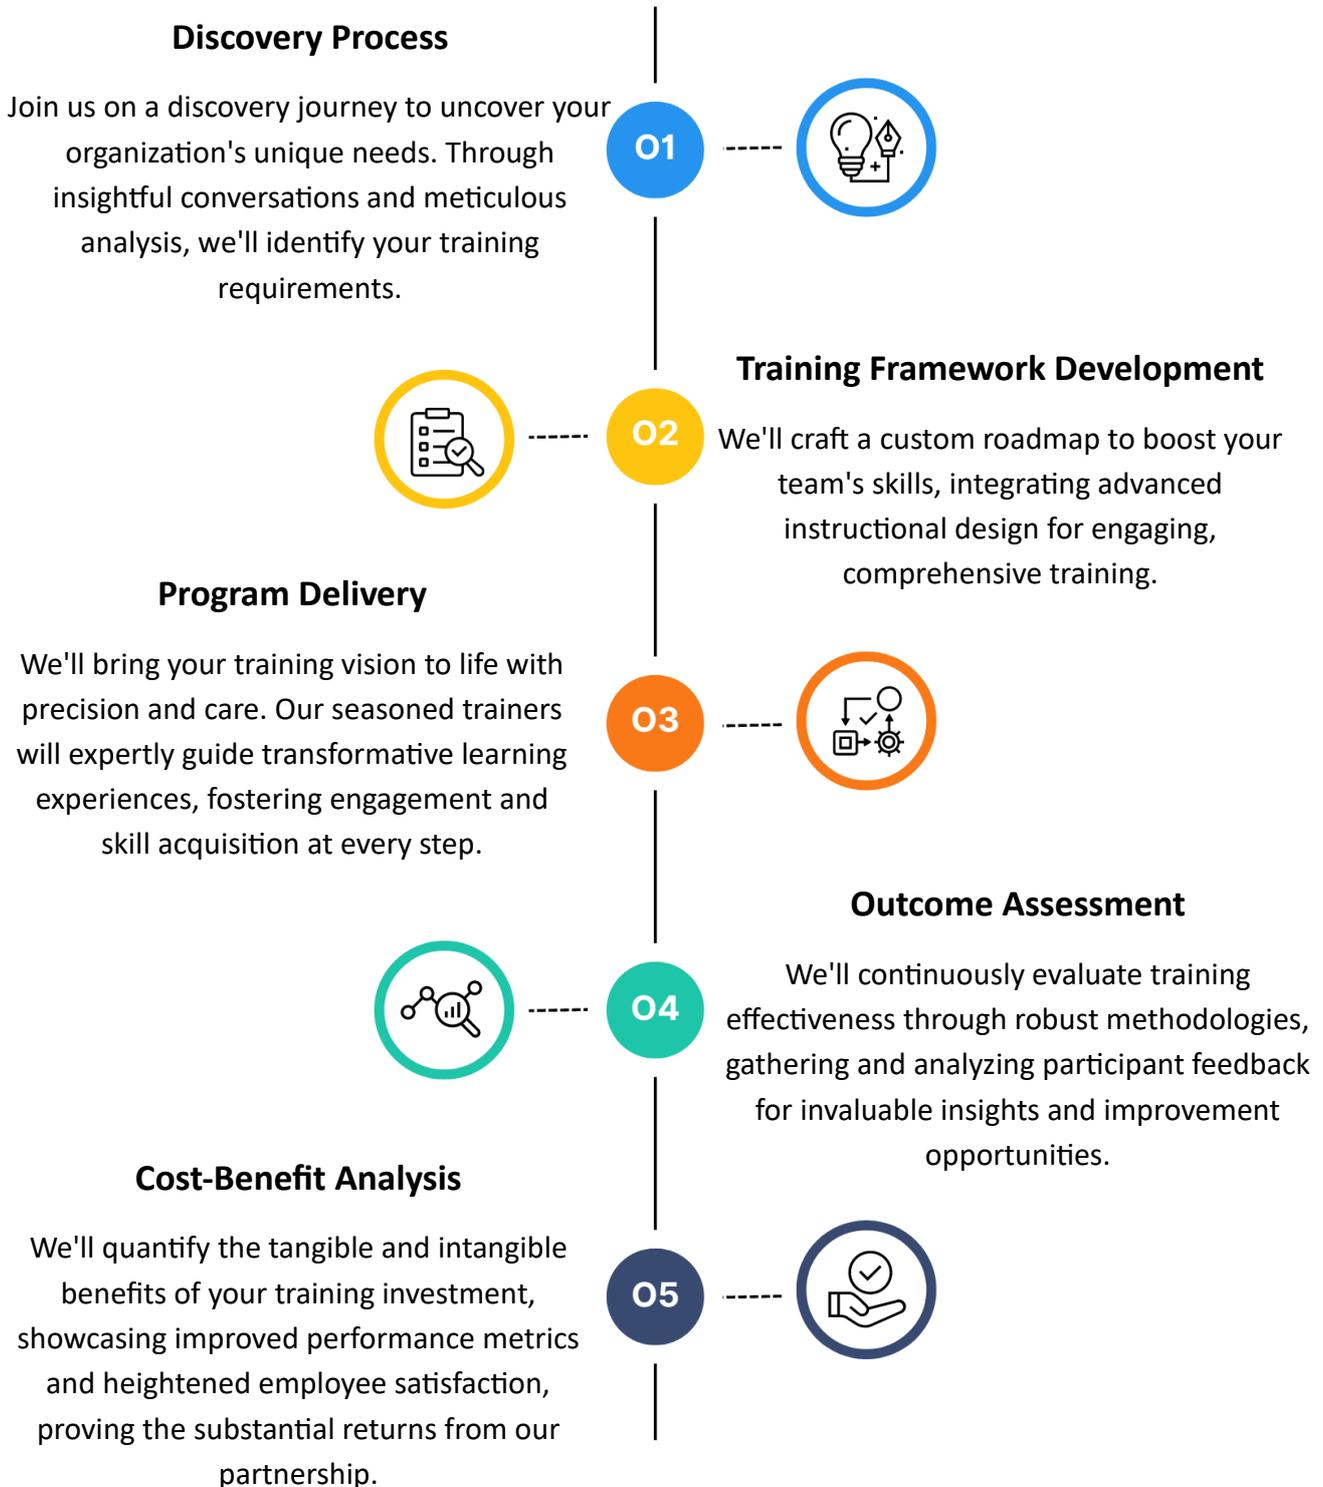

Course Level

- Intermediate

Course Duration

- 1 Day – 8 Hours

Creating Tailor - Made Training Programs to Meet Your **Specific Goals**

Course Outline

In this course, participants will delve into the world of model-driven app creation using Power Apps and Dataverse. Through a series of comprehensive modules, learners will gain the necessary skills to design, develop, and deploy impactful business apps that leverage the capabilities of Power Apps and Dataverse.

Module 1: Introduction to Microsoft Power Platform

- Lesson: Describe the business value of Microsoft Power Platform
- Lesson: Identify foundational components of Microsoft Power Platform
- **Lab 0:** Validate lab environment

Module 2: Create tables in Dataverse

- Lesson: Understand a data model
- Lesson: Understand the benefits of Microsoft Dataverse
- Lesson: Create tables with Dataverse
- Lesson: Add columns to Dataverse tables
- Lesson: Create relationships between tables
- **Lab 1:** Publisher and Solution
- **Lab 2:** Data model

Module 3: Get started with model-driven apps in Power Apps

- Lesson: Describe model-driven app components and design
- Lesson: Create a model-driven app
- **Lab 3:** Create a model-driven app

Module 4: Configure forms, charts, and dashboards in model-driven apps

- Lesson: Configure forms
- Lesson: Configure views
- Lesson: Configure visualizations
- **Lab 4:** Configure forms and views
- **Lab 5:** Configure model-driven app

Module 5: Manage solutions in Power Apps and Power Automate

- Lesson: Describe managed and unmanaged solutions
- Lesson: Export and import solutions
- **Lab 6:** Export solution

Indus Tech Services

Who We Are....

Indus Tech Services is an IT company that specializes in providing comprehensive training, consulting & implementation services for software solutions designed to address the diverse business challenges faced by organizations today. With a passion for technology and a deep understanding of business processes, Indus Tech is committed to empowering businesses to optimize their operations, boost productivity, and drive sustainable growth.

Why Choose Us...

From time to time, life serves up a profound nudge, urging us to step beyond our routines and make a difference in the world. Indus Tech Services emerged from one such compelling wake-up call. We are not just a company; we are a dedicated force with a belief in providing solutions to organizations, regardless of their size, and we infuse a human touch into everything we do.

Our Expertise

With over 25 years of collective experience navigating the intricacies of daily business transactions, irrespective of geographical, cultural, time zone, or language barriers, our team has honed their expertise to meet any challenge head-on. This wealth of experience has armed our resources with an unparalleled understanding and skill set to tackle a broad spectrum of obstacles.

Training

With two decades of unwavering commitment and a global footprint, our company is a true pioneer in the fields of linguistic, transactional, technical, and behavioural training for some of the world's largest corporate entities. Our unparalleled expertise has been refined through years of dedication and innovation, making us the go-to choice for businesses seeking transformative training solutions.

Consulting

Our company has been at the forefront of providing world-class IT consulting services to organizations spanning the globe. With an extensive and proven track record, we have honed our expertise to meet the ever-evolving technological needs and challenges faced by businesses, regardless of their scale or industry.

Implementation

Our experience covers a broad spectrum of IT implementation services, including system integration, software deployment, network architecture, cloud migration, and infrastructure setup. We understand that the successful execution of IT projects is pivotal to an organization's growth and efficiency. Therefore, we bring a depth of knowledge and a commitment to delivering results that set us apart.
